Work Experience

The Home Depot

Freight Team Supervisor

June 2021- Present

- Supervised a team of 20 associates and made sure they were on task and able to finish their work.
- Established a proficient workplace for my teammates by motivating, correcting and recognizing them, which resulted in the team performing more organized and efficiently.
- Analyzed the data for each department then assembled a plan to divide the team to work in each department.
- Trained new associates on the process of receiving trucks, packing out the product and letting them know the expectations of their role.
- Directed my team to do various tasks to keep the store clean and ready for opening.
